

◆ SYNERGY MARINE GROUP · GLOBAL SHIP MANAGEMENT

# Delivering the future of ship management.

Responsibly, digitally, globally. A trusted lifecycle custodian of maritime assets across six continents.

## EXPERTISE

Technical Management / Crew Management / Offshore Services / Dual-Fuel / Newbuilding /

Sustainability

PRESENTED BY

**Nikolaj von Wartburg**

Head of Europe · Synergy Marine Group

THE COMPANY

# A trusted custodian of maritime assets.

Engineering excellence meets operational discipline. Our integrated approach spans technical ship management, offshore services and newbuilding supervision — built on safety, sustainability and partnerships that stand the test of time.

◆ AI · MARITIME · AUTONOMOUS

# Siya.

The AI that works alongside you — bridging insights and execution. It plans, acts and delivers, keeping the business running and growing even while you rest.

VISION A handful of people running a billion-dollar company.

01

### Voyage Awareness

Live ETA, ETB, ETD across every vessel.

• REAL-TIME

02

### Maintenance Intel

Schedules, compares, recommends.

• AI-POWERED

03

### Budget Clarity

YTD spend, variance signals.

• ANALYTICS

04

### Crew Matching

Right officer, right vessel.

• AUTOMATED

05

### Class & Surveys

Tracks fleet-wide compliance.

• MONITORED

06

### Audit Ready

TMSA topics, confidently ready.

• READY

# Creating Efficient work environment.

When AI handles the predictable, superintendents focus on what matters — and the productivity ceiling rises sharply.

## TRADITIONAL

4

Vessels per superintendent

Reactive scheduling, manual checks, email-heavy coordination, limited bandwidth for exceptions.

x2

PRODUCTIVITY

+50-100%  
CAPACITY

## AI-AUGMENTED

6-8

Vessels per superintendent

Predictive PMS, automated triage, anomaly alerts and AI-drafted reports free time for judgement work.

### Predictive scheduling

Right job, right time, right vessel.

### +50-100% capacity

More vessels per superintendent.

### Fewer surprises

Anomalies caught early.

### Better focus

Judgement over busywork.

05 - Intelligent Platform

Unified maritime intelligence

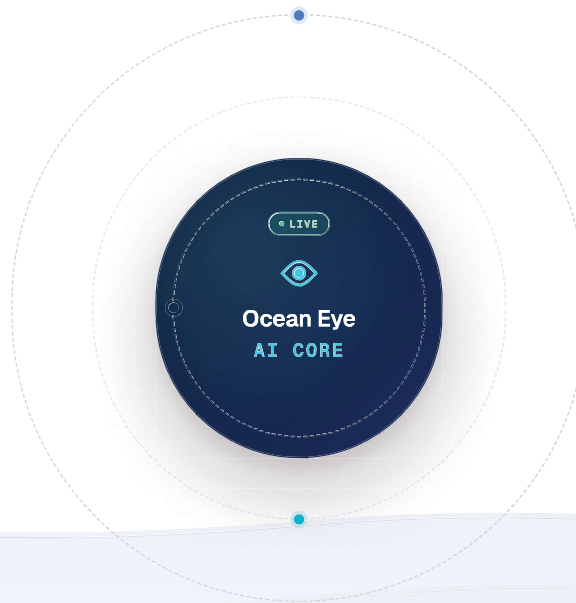

# OceanEye.

ONE PLATFORM · EVERY DATA STREAM

A unified AI platform that turns the fleet's raw data — structured and unstructured — into decision-grade intelligence in real time.

DATA STREAMS IN

- Sensor & IoT**  
Engine, fuel, telemetry
- AIS Positions**  
Movements & ETA
- ERP Systems**  
Procurement & finance
- Documents**  
PDFs, certificates
- Video & Imagery**  
CCTV, drones
- Crew Reports**  
Logs & KPIs

INTELLIGENCE OUT

## Sustainability

SUS

Noon Report · Emissions · Hull Performance · EU ETS / CII / EEXI

COMPLIANCE-READY

## Risk

RSK

Fleet Monitor · Vessel Scorecard · PSC Risk · Crew Skill Index

ALWAYS-ON VISIBILITY

## Reliability

REL

AI Asset Reliability · Video Analytics · Predictive failure · Lifecycle

PREDICTIVE INTELLIGENCE

IRS-CERTIFIED COMPLIANCE ✓ ISO 19030 ✓ ISO 15016 ✓ ISO 23053 ✓ IMO MEPC ✓ EU MRV / ETS

End of Briefing

21 · May 2026

◆ THE FUTURE IS COLLABORATIVE

# Thank you.

Let's continue the conversation — questions, ideas and partnerships welcome.
